more information**

R/C Pylon Racing Information

Imagine up to four R/C airplanes going 90 to 120 miles per hour on a 400 foot 2 pole course traveling 1.5 miles in a little over one minute. That's the excitement of R/C Pylon Racing.

Contact Don Stegall at 704-968-2881 or DonStegall@carolina.rr.com for more information.

See www.Club40Racing.com for information about Club 40. Quickie 25 uses the same planes as AMA 424 Sport Quickie but with O.S. 25 FX engines. See www.quickie25.com.
